# TRAVEL SMART with SMART CARDS

The Seychelles Public Transport Corporation (SPTC) is encouraging bus users to travel smart with its SMART cards.

### Why use cards?

- they are fast
- reduce the amount of cash transaction and
- are more convenient amongst other benefits.

There are currently seven types of cards in use.

### 1.0 Stored Value

- It can be loaded with a minimum of SR5/- and a maximum of SR500/-
- 
- Has no expiry date
- Is active anytime provided there is value on the card
- Can be used to purchase any amount of tickets per trip provided there is enough money on the card
- Allows the bearer to travel on Air conditioned buses and to pay night service trips

### 1.1 Special Cards for Parents and Workers

#### 1.11 Card for Parents

A multi-trips card valid for one year for parents who have to take two buses to and from where they have to leave their child at a Day Care or who are in P1 to P3. The card is valid from Monday to Saturday.

#### 1.12 Card for Workers

A multi-trips card issued to workers who have to take two buses to and from their work places. The card is valid from Monday to Sunday and is valid for six months.

#### 1.13 Obtaining a Parent and Workers Special Card

To be eligible for a Card, a letter has to be provided to justify entitlement for the card. For a Parents Special card details like residential, child's School or Day Care and parent's employment addresses should be provided and for a Workers Special Card the work organization needs to confirm the applicant's residential and employment addresses.

All applications should be supported by an Identity (ID) Card.

### 1.14 How to use the Parents Special and Workers Special cards?

1. On boarding the bus the commuter pays SR5/- for loading.
2. Upon alighting that bus the card **MUST** be swiped on the Electronic Ticketing Machine (ETM) for transfer.
3. Passengers have to keep their transfer ticket until they board the second bus.
4. Commuters have one hour between alighting the first bus and boarding the second bus.
5. Upon boarding the second bus, the card has to be swiped on the ETM machine and a ticket will be issued.

### NOTE

**Failure to swipe the card when alighting the first bus will result in invalidity of ticket.**

In that case, passengers will have to **pay another SR5/- for the trip.**

For any claim perceived as SPTC's fault (lateness, ETM not working or problems with cards), commuters are requested to bring their three tickets (transfer, second ticket and SR5 ticket) to the Public Relations Office at the Victoria Terminal where the necessary will be done for any refund accordingly.
